

'YOUR LEARNING TIME' WORKSHOPS

With Elena Bacchini 2* Parelli Instructor

'Horseless' Workshops

From the beginning of 2019 we offer 5 workshops at our new learning center in Beneden-Leeuwen (Tiel). These workshops are designed to boost your learning and inspire you to try out a step-by-step sequence that can keep your horsemanship progressive. This is also a wonderful chance to get to know our equestrian facility and see Elena working with her horses!

In het Nederlands

Deze workshops worden in het Engels gegeven. Een deel bestaat uit een presentatie en het andere deel bestaat uit een demonstratie met paarden. Als je een voorkeur hebt voor Nederlands is dit geen probleem: je bent tevens van harte welkom! Elena verstaat Nederlands en kan desgewenst ook in het Nederlands uitleggen.

Practical information:

These workshops cost 30 euro or 120 euro package deal for 5 workshops and they include: 1,5 h theory presentation, discussion, Q&A session; 1,5 h practical demonstration with Elena and her horses; tea, coffee and snacks!

Workshop 1: INSPIRATION!

19 January 14-17 o'clock

Where are you in your natural horsemanship journey? What are your goals? This workshop will give you a 'new year inspiration' of how to progress your partnership with your horse to the next level! Set a goal, make a plan and be inspired with new ideas!

Workshop 2: HORSENALITY

2 February 14-17 o'clock

Do you know your horse's character? Just like people have personalities, horses have horse-nalities! Once you know about this, your sessions with your horse will never be the same. Learn how to 'read your horse' and what strategies will help your training achieve quicker success with a happy horse.

Workshop 3: ON LINE to RIDING

16 February 14-17 o'clock

How do we take horse psychology from the ground to the saddle? Or how do you take harmony in the saddle to build communication of the ground? We can teach new things and prepare our horses on the ground, so that when we are in the saddle the communication between horse and rider is clear and simple!

Workshop 4: LIBERTY play time!

2 March 14-17 o'clock

Trust, bonding and play time! We teach our horses to be puzzle solvers...and the test is liberty. No making or doing can happen- this is pure FUN to test your relationship and communication!

Workshop 5: OBSTACLES & PATTERNS

16 March 14-17 o'clock

How can you make training clear and interesting? Can you simulate teaching a horse to be confident crossing water or getting in the trailer? Learn to use consistency and variety to help your horse win the game and be successful in solving our training puzzles!
